

08:30AM

**Pre-congress workshops:**

- Predictable File Removal & Retreatment
- Use of CBCT in Endodontics (AT CFD)

For detailed information and workshop timings, please [click here](#)

05:30PM

08:30AM

**Pre-congress workshops:**

- Bioceramics: From Vital Pulp Therapy to Root Canal Obturation
- Elements of Perfect Root Canal Instrumentation & Obturation
  - Endodontics Simplified (Reciprocating Files and 3D Seals)
  - Immediate Trauma Management & Splinting
- Mastering SWEEPS®: Advanced Laser Assisted Irrigation with Fotona
  - Minimally Invasive Endodontics
  - Oro-Facial Pain
  - Predictable File Removal & Retreatment
  - Retreatment & Calcified Canals

05:00PM

06:00PM

07:00PM

Welcome Reception

	Keynote Speaker	Local Speaker		Country representative speaker	
07:00AM - 07:45AM	REGISTRATION OPEN				
08:45AM - 09:45AM	Opening Ceremony				
09:55AM - 10:45AM	Vital Pulp Therapy: Bridging Biology and Clinical Practice — A 16-Year Perspective. Prof Nesslerin Taha	Tooth resorption. Dr Averil Tse Australia	Impact of trauma in endodontic outcome. Prof Dr Md Mujibur Rahman Howlader Bangladesh	Laser-activated irrigation, why does it make the difference? Prof Roeland J.G. De Moor Belgium	Oral Presentation
10:45AM - 11:15AM	MORNING TEA				
11:15AM - 12:05PM	Orthodontic - Dental Trauma Interactions Positive or negative? Prof Geoff Heithersay Australia	Dr Finn Gilroy New Zealand	Immature young permanent teeth - can we restart root growth and development? Prof Hrvoje Jurić Croatia	Endo VS Endodontist Prof Ibrahim Abu-Tahun Jordan	Oral Presentation
12:10PM- 01:00PM	Auto-transplantation & decoronation do they belong to the past? Prof Liran Levin	Is it the end of the road when surgery fails? Dr Marcus Yan Australia	What have we gained as new knowledge from clinical research in pulpotomy cases with symptoms of irreversible pulpitis? A/Prof Giorgos Tzanetakis Greece	Management of Ledges and Instrument Bypass Dr Marek Rehoř Czech Republic	Oral Presentation
01:00PM - 02:20PM	LUNCH				
02:20PM- 03:10PM	Neurophysiology of Pulpal and Apical Inflammation. Dr Anibal Diogenes	Etiology of Endodontic Failure and Clinical Indications for Revision. A/Prof Grace Ellen Dey Philippines	Evidence-Based Management of Dental Trauma: Cellular Preservation as a Key Determinant of Prognosis Dr Kerstin Ramos Ecuador	Endodontic Outcomes: Perception vs Reality Dr Adil Alani Iraq	Oral Presentation
03:15PM- 04:05PM	Beyond the Apex: A Multidisciplinary Approach for the Management of Complex Endodontic Challenges in Children and Young People. Prof Sondros Albadi	Breaking the Cycle of Failure: Endodontic Retreatment That Actually Works. Dr Marino Sutedjo Indonesia	Internal Root Resorption: Decoding an Uncommon Lesion Dr Nicolás Ferraro Saldías Chile	Minimally Aggressive Preparation with Extended Apical Cleaning (MAPEX): A New Clinical Paradigm in Endodontics Prof Jose Aranguren Spain	Oral Presentation
04:05PM - 04:35PM	AFTERNOON LUNCH				
04:35PM- 05:25PM	Managing deep caries: is pulp exposure a problem? Prof Hal Duncan	The AI Revolution in Endodontics: Current Status and Future Perspectives. Prof Sunil Kim Korea	Intentional Replantation- expanding the envelope of endodontic treatment. Dr Daniel Moreinos Israel	Hydraulic Calcium Silicates in Dentistry: Evidence, Interfaces, and Clinical Reality Dr Paulius Tušas Lithuania	Oral Presentation

# 15TH IFEA WORLD ENDODONTIC CONGRESS

## SYDNEY, AUSTRALIA | 27-30 AUGUST 2026

### SATURDAY 29 AUGUST 2026

Keynote Speaker	Local Speaker			Country representative speaker	
<b>08:00AM - 09:00AM</b>	<b>REGISTRATION OPEN</b>				
<b>09:00AM - 09:50AM</b>	<b>Selection of niti instruments to minimise file fractures</b> <b>Prof Hyeon Cheol Kim</b>	Local Speaker	Approach to the structurally compromised tooth Dr Juan Carlos Paz Mexico	Endodontic Retreatment: From Failure Analysis to Predictable Apical Healing Prof Dr Said Dhaimy Morocco	Oral Presentation
<b>09:50AM - 10:45PM</b>	The New IADT/DTG Classification of Tooth Resorption and Associated Conditions Emeritus Professor Paul Abbott Australia	Current and Emerging Applications of Lasers in Endodontics Prof Roy George Australia	Cracks and Coronal Restoration A/Prof Mehdi Rahimi Iran	Message in a Microbottle: Extracellular Vesicles for Dental Pulp Repair and Regeneration Prof Alexis Gaudin France	Oral Presentation
<b>10:45AM - 11:15AM</b>	<b>MORNING TEA</b>				
<b>11:15PM - 12:05PM</b>	MTA and VPT Dr George Bogen Australia	Sweet Trouble: How Diabetes Shapes Endodontic Care and Outcomes Professor Lara Friedlander New Zealand	Country representative speaker	The broken File Challenge: a Journey of Nightmare and Happiness Prof Marc Krikor Kaloustian Lebanon	Oral Presentation
<b>12:10PM - 01:00PM</b>	What happens in the end? 10yr survival data of a prospective study on endodontic retreatments. Dr Francesco Mannocci	Regenerative Endodontics, A clinical perspective Dr Muna Al-Ali Australia	The Tooth or the Screw ? A Modern Approach to Preserve vs. Replace Decisions Professor Sung-Chih Hsieh Taiwan	Multidisciplinary Management of Challenging Endodontic Cases Prof Emre Nagas Turkey	Oral Presentation
<b>01:00PM - 02:20PM</b>	<b>LUNCH</b>				
<b>02:20PM - 03:10PM</b>	Restoration of Vital Pulp Therapy and Regenerative Endodontics: Evidence Base and Future Directions A Prof Jeeraphat Jantarat	Non-surgical endodontic retreatment: What's new in planning, techniques, and prognosis? A/Prof Geoffrey Young Australia	Cracked Teeth: Prognostic Indicators, Updated Staging, and Clinical Management Dr Norchai Wongkornchaowalit Thailand	Out-of-the-Box Endodontics: Going Beyond Current Technical Paradigms Prof José Antonio Poli de Figueiredo Brazil	Oral Presentation
<b>03:15PM - 04:05PM</b>	Root Canal-Treated Teeth for a Lifetime - The case for the Endo Resto Continuum Prof Ove Peters Australia	Static Guided Endodontics: clinical applications Dr Julia Eick Iglesias Australia	Mastering Severely Curved and S-Shaped Canals Associate Professor Dr Mark Low Jun Fay Malaysia	Endo360: Beyond Clinical Findings - Rethinking Diagnostic Reasoning in Endodontics! Dr Mohammed A Alobaid Saudi Arabia	Oral Presentation
<b>04:05PM - 04:35PM</b>	<b>AFTERNOON LUNCH</b>				
<b>04:35PM - 05:25PM</b>	Enhancing root canal cleanliness in minimally invasive instrumentation of necrotic root canals: Multisonic high speed or laser activated irrigation? Prof Mustafa Gundogar	Bioceramics- Fancy trend or clinical necessity? Dr Mostafa Elkholy Australia	Deep margin elevation in endodontically treated teeth: a comprehensive clinical approach. Dr Armida Alvarez Montalvan Peru	Impact of traditional, conservative and ultraconservative access cavities on root canal shaping Od MSc Luis Felipe Jiménez-Rojas Venezuela	Oral Presentation
<b>05:25PM - 06:15PM</b>	The Asymptomatic Persistent Endodontic Lesion – what do we know about it? A/Prof Victoria Yu	Local Speaker	Beyond the Horizon - MRI Imaging in Endodontics DDS, MS W. Craig Noblett United States of America	Minimally Invasive Endodontics A/Prof Katia Greco Italy	Oral Presentation
<b>07:00PM - 10:00PM</b>	<b>Congress Dinner</b>				

# 15TH IFEA WORLD ENDODONTIC CONGRESS

## SYDNEY, AUSTRALIA | 27-30 AUGUST 2026

### SUNDAY 30 AUGUST 2026

	Keynote Speaker	Local Speaker	Country representative speaker	Country representative speaker
08:00AM - 09:00AM	<b>REGISTRATION OPEN</b>			
09:00AM - 09:50AM	Contemporary Advances and Future Directions in Endodontic Irrigation A/Prof Bettina Basrani	Country representative speaker	Country representative speaker	Oral Presentation
09:50AM - 10:45PM	Exploring the impact of Immunology and Immunomodulators in Apical Periodontitis Prof Elisabetta Cotti	Endodontic Microsurgery: From Complex Case to Predictable Success Dr Tarek Sanyour Egypt	Laser in endodontics. Beyond Disinfection Dr Carlos Corrales Colombia	Oral Presentation
10:45AM - 11:15AM	<b>MORNING TEA</b>			
11:15PM- 12:05PM	Microsurgery within the Hour! – A guide to an efficient surgical treatment A/Prof Adham Azim	Country representative speaker	Competition presentations	Oral Presentation
12:10PM- 01:00PM	Updates in Endodontic Medicine: The Interrelationship Between Endodontics and Systemic Health A/Prof Maximiliano Schünke Gomes	Country representative speaker	Competition presentations	Oral Presentation
01:00PM - 02:20PM	<b>LUNCH</b>			
02:20PM- 03:10PM	Using Imaging and Histology to Understand External Invasive Cervical Resorption Asst. Prof Athina Mavridou	Country representative speaker	Challenges in endodontic disinfection Dr Iliana Modyeievsky Uruguay	Oral Presentation
03:15PM- 04:05PM	A Clinical Perspective: Quality of Life in Endodontics Prof Giampiero Rossi-Fedele Australia	Vital Pulp Therapy for Severe Pulpitis - from Diagnosis to Treatment Dr Yusuke Takahashi Japan	Country representative speaker	Oral Presentation
04:15PM - 05:00PM	<b>Closing Ceremony</b>
